

Post Crash / Emergency Landing Survival & Critical Incident Response Program.

All pilots are trained to perform emergency landings. However, nobody ever talks about what you should do after landing your aircraft. The Critical Incident Response Program provides pre-incident education and post-incident/accident intervention services.

Directions: The Presentation will take place in the conference room at the basement of Modern Pilot. Access to the basement is on the left side of the building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
